# Digital Solution for Source to Store Supply Chain Transparency

Social Responsibility & Labor

Assure labor standards through the supply chain at any level via industry certifications and self-assessments

- Gather data on labor practices with custom surveys
- Establish and communicate documentation or certification requirements to suppliers at any level of the supply chain
- Pre-built reports to identify and address modern slavery risks
- Identify potential risks to target further action

Why Transparency-One?

The Transparency-One solution offers two unique services to ensure effective social responsibility and labor management:

- **Multi-tier approach** via a B-to-B social network platform. Collect data and documentation on your suppliers' labor practices, one tier at a time, down to the source.

- **Partnership with SGS** for global supplier onboarding support and data verification. Complete supplier participation ensures comprehensive, validated information, so you can make the right decisions.

Identify and address potential risks in your end-to-end supply chain to ensure regulatory compliance and responsible business.

ABOUT TRANSPARENCY-ONE

Transparency-One enables companies to discover, analyze and monitor all suppliers, components and facilities in the entire supply chain. Transparency-One combines cutting-edge graph database technology, supply chain expertise, and global supplier onboarding services to help all supply chain stakeholders reduce business risk. The company has offices in Boston and Paris.
