Product Traceability & Consumer Engagement

Traceability is critical for businesses who want to engage with consumers. With the Transparency-One solution, businesses can:

- Collect batch-lot data for their products of interest, down to the source
- Develop QR codes and other consumer engagement mechanisms
- Collaborate regularly with suppliers to ensure up-to-date traceability information
- Ensure complete supplier participation with SGS global onboarding support services

ABOUT TRANSPARENCY-ONE

Transparency-One enables companies to discover, analyze and monitor all suppliers, components and facilities in the entire supply chain. Transparency-One combines cutting-edge graph database technology, supply chain expertise, and global supplier onboarding services to help all supply chain stakeholders reduce business risk. The company has offices in Boston and Paris.
